

RADIOMETALS 2013

JUNE 13-16, 2013 IN SONOMA VALLEY

Registration and abstract submission are now open for the inaugural Radiometals Meeting in California's stunning wine country.

We hope you will join us immediately following the SNMMI meeting. Radiometals plans to bring together researchers from academia and industry to explore the latest work in the field of radiometals in medicine, including metal radionuclide production, radiochemistry, radiotracer development, translation and regulations.

For more information, to register and to submit an abstract please visit the Radiometals website.
